

Really Cisco?? (as related). So I decided to buy an AnyConnect mobile license for one of our ASAs so I can connect to my tablet or phone in... well, anywhere. I used my limited knowledge of Cisco architecture to try this and...it's amazing. It works flawlessly on our networks that we've had for over 7 years as well. This helps keep apps running consistently across devices, which is a huge performance improvement I've noticed. I'm also happy with AnyConnect's reliability and stability as expected, as long as you don't want to get the "not
