I keep getting 400 error for my ajax request. I have been following the instructions on this page: When I enter the url in the browser, it works just fine. But when I use ajax in the browser, it always gives me 400 error. Here is my code: JavaScript: function sendAjax(method, url, params, data) { var xmlhttp = new XMLHttpRequest(); if (xmlhttp && xmlhttp.overrideMimeType && xmlhttp.overrideMimeType('text/xml')!== false) { xmlhttp.overrideMimeType('text/xml'); } xmlhttp.onreadystatechange = function () { if (xmlhttp.readyState == 4) { alert("Ajax request done."); } }; xmlhttp.open(method, url, true); //eliminate any set default values if (params) for (key in params) {
