Theme Designer does more than simply giving your theme a great appearance. It also makes a whole bunch of other changes to the theme, so you can easily tweak the colors and text to match your current style. With Theme Designer you can make your desktop and taskbar look more professional and compact at the same time. Shareware companies always have an interesting

story behind their products. One of the best example is that of Taskbar Renamer (part of HotDock Pro Suite), which is a small application that does not get any updates or any special attention. So it came as a surprise for everyone when the developer finally released the latest version of his program. The latest version of Taskbar Renamer is called Taskbar Renamer 2005 and can be downloaded for free from the company website. According to the program's owner, it uses some of the latest technologies, such as the new memory cache and the new scalable algorithm to perform the taskbar renaming operations. Showcase Folder Icon Pack Free For Windows

Showcase Folder Icon Pack comes in a very easy to use zip archive. All the icons you will find in this pack are carefully selected and neatly arranged in 5 folder categories. You will find a total of 69 icons in this pack including both the RGB and the transparent versions of all icons. In order to make your work with icons easier, all icons were designed to have a 64x64 and 128x128 pixel resolution. This ensures that icons will have the same look when you use them in desktop or application specific folders. You can also find in this pack all the variations of the original icon in different colors and sizes. This means you will have the same exact design every time you use one of them. Also, all icons are very easy to customize and you can easily re-size them, if you want to make adjustments to the particular icon. All the icons in this pack are vector based, so they can scale up and down as you wish. Showcase Folder Icon Pack is a really nice collection of handcrafted icons that will become a necessity for your home screen. A ready to use collection of 69 unique icons. Designers: Wouter de Ruiter, Ted Williams, DecoPrincess, Marco Lucchesi, Tiago Rodrigues, James Morris, Denis Darroh, Simon Markauskas, Analisa, Andrey Grigorev, Kostas Malekas, Kostas Kavolas, Dimitrios Kofidis, Aweber, Jocelyn Burton, Dino Heino, Alexandra Chernova, Kostas Meletiadis Iconset Pack #2 has been created to provide you with a versatile set of high-quality icons for your desktop, document, and web-based projects. Included in the set are a number of colorful, eye-catching icons that you can use in your desktop and application programs. All of the icons have a minimalist design, which helps to emphasize their beauty. For each type of icon, the set contains a file with the same name, with icons in the PNG format. PNG format is perfectly suited for any icon designer, and supports transparency. As a bonus, you will also find a file with the same name with icons in the GIF format. GIF format is the most popular vector-based icon format. It is also easier to resize icons in this format than in PNG, which makes it perfect for all kinds of projects. Showcase Folder Icon Pack

System Requirements For Showcase Folder Icon Pack:

Available on Windows, Mac, Linux and STEAM TESTSUM: At our new indie studio Hammerdog Studios we are working on a game for an upcoming crowd-funding campaign. We would like to collect data on the PC-hardware requirements of our game for this campaign. As our goal is to make a strategy/real-time-strategy game and not an MMO, we do not want to test our game on pre-built hardware. All testbeds are built by us and as a result, the hardware is tailored to
