Elden Ring Game is the first fantasy action role-playing game that lets you live your own story. Develop your character and cast spells using the six elements of the world of Elden Ring. The game contains a story-driven, turn-based strategy battle system with a variety of gameplay elements. As your character grows, you will be able to participate in an open world full of danger and excitement as you battle not only against the Monster of the Land, but also against your own friends. "Spill the Beans" is a story-driven RPG in the vein of "Mystery Dungeon." As you wander the game world, you will be able to progress the story by talking to and investigating around the world, and take part in action-packed battle sequences. There are also quests that expand the story through the online mode. And you can even solve mysteries by reading between the lines. · Please Consider Backing Out of Your Subscription to Certain Services. "I like that you can make your own characters, unlike games where you can only choose the designs with predetermined values. You can feel that you have more control over your character and the world." - MWC 07 (Gaming) "The atmosphere, music, and graphics of the game are unique, and it's the story line which draws me into it all the time." - MWC08 (Xbox 360) "I can't say that I'm overly fond of the game due to the casual nature of its open world. Simply put, it's just as easy to perform a mission and head home as to explore the world, and the game relies on players to make their own decisions." - MMORPG.com "It's a game that's easy to play, but difficult to put down." -IGN "The story and characters are drawn in such a way that it's very easy to get immersed in the game. The game is well-paced and accessible." - Game Vibes "The game is an intriguing mix of difficulty, history, and graphics." -G4tv From the manufacturer of the critically acclaimed STAR WARS™: The Old Republic™ comes a brand-new MMORPG: The Elder Scrolls Online™ The Elder Scrolls Online was created by veteran MMO developers who love creating MMOs, and feature elements from the entire Elder Scrolls series. Set in a dynamic, ever-evolving world, The Elder Scrolls Online offers players unprecedented freedom in an open-ended game world designed to be highly replayable. EXPERIENCE THE HIDDEN TALENT OF THE ELDER SCROLLS Discover a vast world of character development and intrigue. Uncover the unique skills and abilities of your character and customize your character's appearance. TRAVEL THROUGH A HUGE WORLD Enter massive, open-world dungeons that offer a variety of unique and unexpected challenges. EXPLORE DUNGEONS WITH COMPLICATED THREE-DIMENSIONAL DESIGNS A huge and interconnected world allows players to travel to hundreds of destinations, unique and familiar locales. In every location, explore vast open fields, tundras, mountain ranges and bustling towns. JOURNEY ALONGSIDE OTHERS Join up with up to 24 other players in a bff6bb2d33

?Character Customization? We did a great job on the character customization. Equipped with powerful weapons and armor, the battles are never easy. You will be challenged every step of the way. You can also freely combine weapon, armor, and magic. The customizable armor is equipped with powerful weapons, and you can also customize your own pants to enhance your appearance. You can change the stat values in the menu. ?Stat Points Guide? You can learn from the game's dedicated stat guide. In addition to stats for the elements, you can also acquire the stat points in nine areas: Stamina, Magic, Speed, Magic Attack, Strength, Vitality, Wisdom, Intelligence, and Dexterity. Use your stat points to change the values of your stats. The higher the stats you will get, the more powerful your attacks. You can also get special power-ups by equipping powerful magic and powerful weapons. ?Nine Elements? You can learn the nine elements, including fire, water, wind, earth, and spirit. By using the elements, you will be able to perform a specific attack. The elements are also necessary for upgrading your characters. You will be able to use the elements in tandem with the equipment you equip. ?Element Combinations? You can combine the elements of every element. You can also equip a combination of elements and a combination of weapon and armor. Your choice of element combination determines your attack power. ?Battle Performance? The battle system is Action RPG, which can be experienced in the Online play and Multiplayer. ?Online Play and Multiplayer? You can connect with other players via Online and go to the Multiplayer, where you can become the first or second place and battle against rivals. ?Selecta and Single Player? You can enjoy the game's fantastic story in both Fullscreen and Gamepad modes. ?Modes? ?Single Player? In the Story Mode, you will be able to enjoy the game's story. ?Online Multiplayer? You can connect with other players and battle with them. ?Challenge Mode? You can play the single game as you wish. It is totally up to you. ?More RPG? In addition to the modes above, the game also has a Webtop button.

app-reviews 2,392 1 2 Imao #1 #Android Incredible 4.5 5 2 I'm really excited to be playing this game. The graphics are really nice. The world looks and feels real and there's so much to do. The game controls are smooth and the characters are beautifully created! I especially love the different weapons that you get and all the improvements they've made since the beta version... I've only played for 2-3 hours so far but there's nothing I don't like... It's really good guys. Well done! Great fun too :D Great! 4.6 5 2 Really looking forward to this game. 4.6 So far so good 4 5 2 Finally downloaded it on an Android phone. First impressions are really good, really well thought out and enjoyable. The characters are really sweet; the graphics are fantastic. Even the fantasy/RPG elements seem to fit really well, and I can't really fault the whole game. I'm enjoying what I'm seeing so far, and if it does what I hope, I hope others enjoy it too. Love it 5 5 2 This game is awesome. I love how the PVP is a dragon with different moves. The graphics are really nice. The control of the battles is awesome. If anyone wants to PVP in this game you can. You don't need to raid anyone. You can just fight them. Though sometimes if you are far away they won't be able to see you. But that's okay. The one thing I wish was changed is the interface when you
