You awaken into a world you don't recognize, with no memory and only with your headphones. All you can think of is why are those headphones on your ear? It's not clear why the people around you are so hostile towards you, so you decided to run away. But you don't know where to go or what to do. Can you survive? The Maze of Adventure is a short, captivating, open-ended game. The game is mainly a point-and-click game with only some platforming, but what makes it stand out is the cartoonish graphics, a simple and funny story, and the unique atmosphere of the game. Maze of Adventure is currently available on Steam ( and it features seven unique and exciting locations, like a factory, a haunted mansion, a forest, and a graveyard, to name a few."Part of my life in jail: Behind bars with Max", AKA "Max and Ripper" Max and Ripper has been a huge part of my life in jail since I went down in 1998. I've been a fan of his for almost 20 years. Thanks to the Max fan club, we had 3 booklets of the comic! I'm sure that you can't imagine the amount of pleasure it gave me to read those in the book shop in Birmingham. I have them stored in a box somewhere. I loved the book and show so much that I waited until 1999 to go down, I didn't think I had much hope of it being any different. Then I found them! My favorite color in the comic is pink! I love the way that Max is portrayed as the alpha male in the book, 'cause in real life he's a bit of a joker. I also love his relationship with Ripper, like you see in the book, he has to be bossed around, and Ripper is always a bit of a joke. Plus he's one of the first super-heroes that I can really identify with, he's kind of like me, that's why I love them so much!Mooen Kumar and his family shop in Rishikesh Highlights A day later Mooen Kumar's family approached police Shiromani Akali Dal leader was suspended by Akali Dal in 2007 In 2009, he was arrested on charges of murder, but acquitted A day after

Credits "Maze of Adventure is an original rhythm-action game by a 13-year old. The game was made over a long period of time and has drawn inspiration from Nintendo, Impress, and every other kind of game that has ever existed. I'd like to say thank you to Mr. Patrick Lam for the kick-starter, to my parents for supporting me (and even putting up with me during development), to Mr. Wong and Mr. Mai for the great soundtrack, to all the amazing composers who have created wonderful songs (B3, Black Emperor, Eagle Eye, Gentlemans Almanack, etc.), and all the incredible people who have inspired me.
