What's new in Minion Masters - Uprising DLC:

Robin Hood: Country Heroes is a British action-adventure television series, produced by Tiger Television, that began airing in the United Kingdom on Monday, 5 May 1998 on ITV at 9.00pm. The programme was at the centre of a media controversy in April 1999 when an episode was cancelled, and was criticised for its apparent lack of

historical accuracy. Only around 10 episodes were produced. To make up for the lack of episodes, the last episode was made to form a feature-length special presentation. Throughout the series Robin Hood is portrayed as a Robin Hood-like outlaw-hero who, in addition to fighting for the rights of the people, often fights a business or a government corrupted by taxes. In the series, Robin Hood doesn't kill, and the character is portrayed in a much more even-handed manner than the character in the Sherwood Forest saga. In the series, the hero is an aristocrat, fighting for the poor of Nottingham. Unlike his legend, the hero is not a thief but is 'somebody who can persuade others to help each other'. The series features many prominent or established British TV actors in their prime, including Clive Owen, Stephen Fry, Miranda Richardson, Sarah Lancashire, Hugh Bonneville, Rupert Everett and Philip Glenister. Robin Hood: Country Heroes is based on the ongoing BBC Radio 4 comedy series Robin Hood - Maid Marian and the Woodcutter, and was available on the BBC Choice satellite channel in 1999. Plot After saving Marian from a gang of bandits, the outlaw Robin Hood lives in Sherwood Forest, off the estate of Lord Philipson, after many years of working as a woodcutter. During his time there, he meets Marian, daughter of Lord Philipson, with whom he begins a relationship. Despite Robin's outlaw past, the many hardships that he has suffered, and the fact that he isn't seen as a 'hero' by many of the common folk, he remains popular throughout the countryside. However, the wealth he has accumulated from killing outlaws is distrusted by the government, and in addition the king is now the main cultivator and consumer of the 'produce' he gleans from his properties - forcing him to take action against Robin. Marian also wants Robin to forsake his past as a bandit and try his luck with life. Despite his reluctance, he ultimately decides to settle in Sherwood Forest, as his outlaw days are now over, and his reputation and respect as a killer are
