

The new EEP TS Mission edition takes you into the complex railway worlds of the Swiss mountains. Here, however, you do not have to build layouts like in the main EEP software, but instead carry out comprehensive tasks on the Gotthard railway, which has been designed in an exemplary manner. And there is plenty to do! Take on the role of a locomotive driver, shunter or crane driver and experience the dense and realistic atmosphere in Erstfeld and the narrow Reuss valley nearby. About The Game EEP TSM Gotthardbahn Nordrampe Modul Erstfeld: 100 projects and 11 tasks As a new member of the Swiss mountain railways, you will be given a variety of projects to carry out at the north ramp in Erstfeld. You can choose the exact route to take. Some of the wagons or coal bunkers are marked in advance. Others, however, have to be loaded at the scene of the crime. You must ensure that the wagons do not collide with each other during loading or in real-time operation. You must also ensure that no goods fall off the wagons. Constraints You must take every task as instructed. Constraints can be placed on the tracks and tunnels, so it's up to you to figure out how you will achieve your task. Career mode In addition to the project-based tasks, you have the opportunity to participate in a career mode. Start off at the Gotthardbahn Nordrampe Modul Erstfeld as a freight man. You can advance and become a locomotive driver and then a shunting and crane driver and, ultimately, you can become the manager of the transport department at the Gotthardbahn Nordrampe Modul Erstfeld. Free choice of tasks and location You can choose which tasks you want to perform and you can select the location of your tasks.
