Register Now!Q: How can I detect if a bitfield in MySQL represents a bitfield of any size? I have a table with a bitfield that represents a multiple bit flags. Primary Key: id Field: BitField1 (size 2) Field: BitField2 (size 1) Field: BitField3 (size 1) Field: BitField4 (size 3) Field: BitField5 (size 4) Field: BitField6 (size 5) How can I write a query to find all the rows where the bitfield value is 2,3,4 or 5? A: SELECT * FROM MyTable WHERE BitField1 = 2 OR BitField1 = 3 OR BitField1 = 4 OR BitField1 = 5 A: I'd think that either of these would work: SELECT * FROM MyTable WHERE BitField1 = 2 OR BitField1 = 3 OR BitField1 = 4 OR BitField1 = 5 and SELECT * FROM MyTable WHERE BitField1 BETWEEN 1 AND 5 Also, I would expect them to have the same performance - at least, in MySQL. I don't have any numbers on that, but I think there's a good chance that they're equivalent. I would think that the first query would be clearer, but if you really wanted it, the second query would work. A: SELECT * FROM MyTable WHERE BitField1 = 2 OR BitField1 = 3 OR BitField1 = 4 OR BitField1 = 5 Would do. Company Spotlight: Miller-Stout and Sons Paving Contractors Maui, Hawaii – Miller-Stout and Sons offers quality services and jobs to the residents and businesses of Maui, and has set itself apart from other similar contractors by its creative solutions for a variety of infrastructure and construction needs. From resurfacing and mulching to forming and landscaping, homeowners and businesses can call on Miller-Stout and Sons to provide needed services for numerous applications. Based in the south Maui towns of Pukalani and Wailuku,

ZBrush Tutorial Baking Light-Alpha – On this tutorial we'll go through various ways of baking the light in the alpha channels, by converting to transparency and creating masks. We'll also show a quick and dirty way of creating masks from a texture map, which can be really effective. Gumroad Spiderman Timelapse Photoshop File Rafael Grassetti Use a ZBrush Reference Texture to Create an Alpha Channel Mapping In the previous tutorial, we have gone through the process of creating a palette of colors and creating a set of presets for them. We'll be using these presets as reference textures for our next few tutorials. Gumroad Spiderman Timelapse Photoshop File Rafael Grassetti Use ZBrush To Paint For The Master Mask For This Freehand Cloth Texture We are going to use ZBrush for the next tutorials on painting. The first part will be to paint the face of a character from a reference image. On the next tutorial, we'll be going through the process of creating a mask for the character and we'll be using that mask to paint the background. Gumroad Spiderman Timelapse Photoshop File Rafael Grassetti Use ZBrush To Paint For The Master Mask For This Freehand Cloth Texture We are going to use ZBrush for the next tutorials on painting. The first part will be to paint the face of a character from a reference image. On the next tutorial, we'll be going through the process of creating a mask for the character and we'll be using that mask to paint the background. Gumroad Spiderman Timelapse Photoshop File Rafael Grassetti Paint The Roadside Sign With A Stencil of My Hair We will be going through the process of painting the background for this tutorial. The process of painting requires the masks to be applied to the image. You should remember the process of creating a mask from a texture. We will also use a palette of colors in this tutorial. Gumroad Spiderman Timelapse Photoshop File Rafael Grassetti Color Pick And Paint The Background With Photoshop Here I go again, on my roller coaster of tutorials. In this tutorial, we will be painting the background. You should remember the process of painting the background from my first tutorial. We will also be using a palette of colors.
