"oznap" is responsible for building the hackers tools and adapting the exploit themselves. most likely was built on top of an older exploit, and currently in beta. expected first release would be some form of monitoring tool, but the project is due for major revamp in a few months. this would coincide with the complete release of the functional version. unlikely they will release until security updates have been made to the previous version. as for the missions, they are a step by step tutorial that take you through the whole offensive "hack". this includes the gameplay, scripted events, the start of the missions, the look and sound etc. etc. i have tried to make sure the missions are self explanatory and that it is easy to watch and learn. but don't hesitate to contact me if you need help or have questions. there are no copyright issues and i have of course followed the missions format rules and instructions . a pack with a lot of girls who did the call of duty wp cam hack but there was one girl who was not paying attention. full list of girls here.

<http://larpornhub.com/gallery/2/callofdutyunitedoffensivepreview.html?nocache=true#/post/15033/> i paid 50 to be her man. and when we met she was at work wearing a skirt and a blouse. she had long blonde hair and she looked just amazing but i didnt say anything to her. when i saw she was wearing a skirt and a top i was a bit confused how a girl could be that hot in just a skirt and a top. but when i opened my eyes a bit i found that i really liked her. she really had a nice ass and a beautiful body and i was amazed she was so hot in just a skirt and a top. it took a while until we started talking and i could ask her how she was and what she was doing but she was quite happy to talk to me. she started telling me she was getting divorced and she was bored at home and she was working right now and all i did was tell her that we should meet. she told me she was a full time nurse but that she was bored and just wanted to meet a nice guy. i didnt want to be her man but i was interested in this girl and i told her that i was married. she asked me if i was interested in hooking up and i was a bit shocked but i said sure. she said she wanted to meet up with me later at her work so i told her i would pay for her time and for her and her friend's drinks.
