when he awoke, aang returned to the modern world, but discovered that he had shifted in time, [3] having traveled a century into the past. he had been a spiritual novice of roku before the avatar and, as such, had to live a life of simple observance and obedience before learning to manifest the avatar's three elemental powers. upon entering his time period, roku told aang that, since he had been the avatar for a considerable amount of time, it was time to cease his training and go back to the modern world. appreciating roku's advice, aang left to travel to the modern world and fulfill his destiny. [17] in the modern world, he asked for help from the modern equivalent of guru pathik, yangchen, who guided him on several hundred adventures. when aang was on his way to ba sing se in search of kumatagi and moon, he became lost and went into the spirit world, where he met roku. roku appeared before him and asked aang to join him at the spirit world to continue his training, which he accepted.
